

DEAR FRIENDS AND BUSINESS PARTNERS,

another year is coming to an end and we would like to take the opportunity to once again thank you for the pleasant and successful collaboration in 2018. This year we are supporting the Forum Konservasi Leuser in its effort to preserve the Leuser ecosystem in Sumatra. The rainforests located in the north of Sumatra are amongst the richest in biodiversity worldwide and habitat to many endangered species. Scientific understanding is still in its early stages, but researchers

have already identified over 8.500 plant species. Palm oil plantations, road construction, illegal deforestation and poaching are increasingly threatening this unique ecosystem. The Leuser Rainforests are the last remaining places on earth where endangered species such as orangutans, elephants, clouded leopards, sun bears, marbled cats and Asian wild dogs share a common habitat. It is also one of the last refuge of the Sumatran tiger and the Sumatran rhinoceros.

Our donation will support the Forum Konservasi Leuser, the most successful conservation organization in the region. With currently 180 staff members, Forum Konservasi Leuser is campaigning against illegal plantations, poaching and lumbering. Reforestation of affected areas is creating new wildlife habitats. Political work is being done to promote environmentally aware policies and legislation for the protection of the Leuser ecosystem. The forums youth group Kami Sahabat Leuser is also supported by our donation.

**WE WISH YOU AND YOUR FAMILY A VERY MERRY CHRISTMAS,
AND A HAPPY AND SUCCESSFUL NEW YEAR.**
